Bows

Bow Materials

VELVET

A timeless classic. What separates our velvet from other velvets on the market? The backing. Our backing is 4mm thick compared to the standard 3mm on import bows, increasing the durability of the bow and its resistance to tearing. Our velvet bows have a nylon backing to help prevent tearing. Aside from our stock items, we can customize fabric to meet your specific needs.

Colors: Red; Holiday Red.

Lifespan: 2-5 years.

Storage: Please store in the boxes they come in.

• This product is recommended for indoor use.

NYLON

Our most versatile line of products with three stock colors and multiple custom colors.

Colors: Canada Red; Old Glory Red; Royal Blue.

Lifespan: 2-5 years.

Storage: Please store in the boxes they come in.

• This product is for indoor and outdoor use.

◀ Ask us about custom nylon colors.

OUTDURA

**OUR
#1
SELLER!**

This line of products has the most durable items we offer, and when the cost per year basis is considered, it's much more cost effective than import products. The fabric has outstanding fade and tear resistance. We offer our classic stock color as well as multiple custom colors to fit your needs.

Colors: China Red.

Lifespan: 6-7 years or more!

Storage: Please store in the boxes they come in.

• This product is for indoor and outdoor use.

MYLAR

The fabric of mylar bows catches and reflects light to give you a sparkling look. Mylar can also be split down for custom trims on the other fabrics we offer. Additionally, our backing now has a -10 degrees cold crack rating.

Colors: Gold; Silver.

Lifespan: 2-5 years.

Storage: Please store in the boxes they come in.

• This product is for indoor and outdoor use.

CUSTOM BANNER PORTFOLIO

PREMIER DESIGNS

Features & Benefits:

- We offer hundreds of stock digitally printed banners so you can find the perfect one.
- Need a custom banner? No problem. Our art department can help design anything you can imagine.
- Our marine acrylic banners are extremely durable and come with a 2-year warranty. These banners have been known to have a lengthy life-span and ultimately save you money.
- The beauty of digital banners is that the design possibilities are endless. All of our vinyl media digital banners come with a 1-year warranty.

Marine Acrylic Printing Features

We use Sunbrella and Sunfield brand marine acrylic for its time-tested fade resistance and durability. The rich colors, and distinctive textile characteristics make it a favorite not only for its inherent quality but also because it looks great!

Marine acrylic banners are perfect for long-term outdoor banner use. The simple yet bold design is often the best way to convey your message.

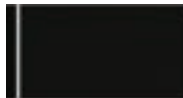

- Durable Marine Grade Fabrics and Colors (see below)
- Fade and Weather Resistant
- Vibrant colors and simpler designs
- Warranted for 2 Years

White Vinyl printing features

We use a 22 oz. Blockout Vinyl, a heavy-duty version of the 13 oz. Blockout Vinyl, this material provides superior strength and durability and can be printed on both sides.

Great for pole banners, "over-the-street" banners, and stadium decorations, this material offers very low cold crack, excellent resistance to wind whip, and exceptional long life.

- Complex and unlimited colors and designs
- Warranted for 1 Year

CLASSIC DESIGNS

Each banner comes with our unique double-lined rod pocket and double-folded side hems. Solid brass grommets are placed on the inner corners of all banners.

Screen Printed On Marine Acrylic Fabric

100% solution dyed acrylic is our most recommended and used fabric. 100% acrylic has exceptional color brilliance, luxurious finish and fade resistance because it originates from colored acrylic fibers that are spun into yarn and then woven into fabric. The result is a superior fabric of exceptional durability and color brilliance that is warranted for two years to remain serviceable, and will not fade, rot or mildew.

Digitally Printed On 18 oz Vinyl

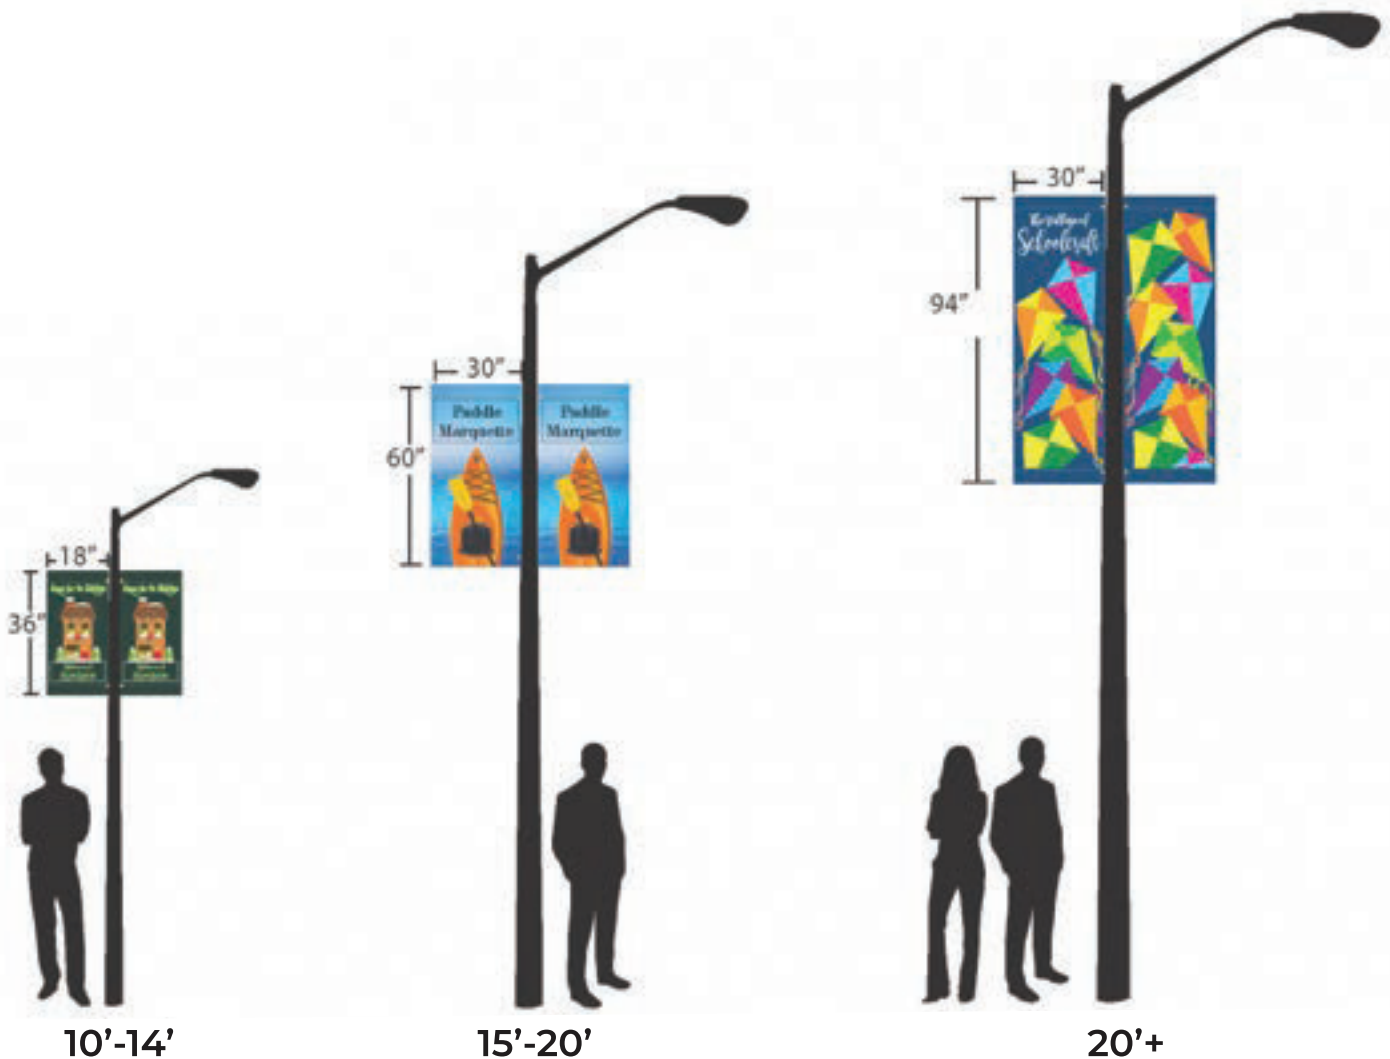

Banners must be installed according to instructions on FibreFlex bracketing system and/or approved bracketing system for the warranty to apply.

UV Clear Coating is applied to all of our classic digital banners which makes them last longer and keeps up the new and fresh appearance. This added value is vital to offering the absolute best product possible. UV Clear Coating is the process of screen-printing a clear, scratch resistant, UV resistant coating over the digitally printed banner. This process gives the banner extra life and renders them virtually impervious to fading.

3 Step Process for our Hometown Heros Banner Program:

- 1) Collect information and images of your heroes from your community. We can provide example templates used in other localities. Make sure to include the same information on each banner you request
- 2) Submit hero information and images to us online via email or file share
- 3) We will create a mockup of each hero banner and send to you for approval

Once approved, the banners will take approximately 3 weeks to arrive at your door!
